FORM**

CLOSING DATE: 25 February 2019

Technical Assistance Visits for The Science Granting Councils Initiative

SCGI: The Science Granting Councils Initiative (<https://sgciafrica.org/en-za>) is a multi-funder initiative that aims to strengthen the capacities of 15 science granting councils in Sub-Saharan Africa in order to support research and evidence-based policies that will contribute to economic and social development. SARIMA is one of the Engaging Collaborating Technical Agencies (CTA) implementing the Research Management component.

Technical Assistance Visits: A technical assistance visit is a 5-day onsite visit where a technical expert will provide assistance to SGCI participating institutions on a particular need or a set of similar needs. Before the visit, the participating SGCI institute will be required to provide documents, hold at least 1 virtual meeting/phone

call and communicate via email once they are matched with an expert.

Objective: The objective of the technical visit is to strengthen sustainable research management capacity of participating SGCs through collaborative platforms. SARIMA will ensure that there is an in-depth consultation with the SGCs to ensure that the technical assistance visits are targeted, and yield required result.

Duration: 5 days

Location of the technical assistance visits: SGCs participating institutions

Logistical coordination: SARIMA will arrange logistics including experts' travel arrangements.

Fees: To be agreed upon between SARIMA and consultant.
