Online Short Course

FUNDAMENTALS OF RESEARCH MANAGEMENT

About the course

The world is currently faced with several challenges that are a threat to mankind. Think of diseases such as HIV/AIDS, TB, Ebola, even inequality in our society, pollution, resource overexploitation, etc. Research is key to finding the solutions to these problems. This course will equip you with a range of knowledge and experiences that will promote the value of research management and how to make research more effective. Learn to work in this exciting profession where you have an opportunity to shape the future. Today's research is tomorrow's lifesaver.

Course outline

- ✓ Module 1: Importance of research in Africa
- ✓ Module 2: An overview of research
- ✓ Module 3: Working with researchers
- ✓ Module 4: Providing leadership in research
- ✓ Module 5: Importance of communication

Course fees

R5 250 excl. VAT.

Course duration

Eight weeks including induction and assessments.
